The Weather.

Boston, May 20.—Fair tonight; pos-
sibility of thunder showers. Fair and
cooler Saturday; west winds.

News From Camp Olympia.

The long looked for move to the
south is at last about to materialize
and we shall leave the good old Green
Mountain state at 8 o'clock Saturday
morning possibly for a few months
possibly forever. The cars have arrived
and we were told this morning that
we must fall in at 8 o'clock tomorrow.
It is understood that we are to go to
New London, from there to New York
by steamer and from the latter place
South via Baltimore, probably reach-
ing Chattanooga next Wednesday.

It is with many regrets for the sad-
ness of our loved ones left behind that
we leave our dear native state but
but you must remember that some one
must go for such is the destiny of man
in time of war and many sacrifices must
be made at such a time or the ruin of
our father land would be accomplished
sooner. Think of us sometimes kind
friends when we are carrying the mus-
ket and the equipment of our Uncle
Sam underneath a burning southern
sun and please remember that as far as
health is concerned we shall do our
best to come back to you the same as
we were when we left you in the early
summer except perhaps that we may
have a wider experience behind us.
If we go into battle we shall do
our best to uphold the honor of the
Green Mountain Boys and return to
you "Either with our shield or upon
it." You will hear from us often
through the columns of the TELEGRAM
but for the present fare ye well old
Camels Hump and Mansfield and the
green hills we all love so well.

A FINE RESIDENCE.

The new residence of Homer Fitts on
Park street has just been completed and
is now ready for occupancy, and in
every way it is a model home, being lo-
cated in one of the best residential por-
tions of the city, while the house itself
has a very artistic appearance on the
outside and is fitted up on the inside
with all the modern improvements im-
aginable.

Through the courtesy of Mr. Fitts, an
EVENING TELEGRAM reporter was shown
through the house this morning, and
here is a description of the inside ar-
rangement may be given as follows:
Entering the front door you will notice
the large oak door having in the
upper half a double plate glass window
and below 12 small raised panels, mak-
ing a very attractive entrance. The
front hall is large and tastefully ar-
ranged with two colored leaded win-
dows at the side and an oval window at
front. The hall is finished in oak.
There is a very convenient system of
electric lights which can be turned off
and on from the hall by flush switches.
The parlor opens from the hall and is
finished in red birch. The sitting-room
is also connected by an oak door with
the hall. This is finished in oak, and is
fitted with a pretty bronze fire-place.
Next to this is a room to be used as a
sort of office or writing room. The
dining-room is the room to attract the
most attention. This is finished in cypress
and the tiled paper on the walls makes
it a very pleasant room.

The culinary department is very con-
venient, it is furnished with hot and
cold water and has a refrigerator into
which ice can be placed from the out-
side. The boiler at the range is encased
in white wood. In the cellar is a large
laundry room which is connected with
a clothes shoot. In the furnace room
is a workshop and the coal bins are
closed with doors with small apertures
at the bottom to shovel the coal from.
The furnace is a Demerest hot air and
steam heater which heats every room in
the house. On the second floor are five
sleeping rooms finished in white wood,
and the walls are covered with a darker
paper than those on the first floor which
are of a maroon color. The bath room
is on this floor and also the linen room.
The attic is fitted up well with hard
pine floors and white wood finish.
There is a large room for storage pur-
poses and three pleasant sleeping rooms,
also a large room facing Currier Park
to be used as a play room for the chil-
dren. This constitutes a brief descrip-
tion of the house, but, of course, it must
be seen before its beauty is appreciated.
The house was built by Fred Waters,
and it is estimated at about \$6,000.00.
The porch at the side of the house
facing South is a very pleasant place to
sit in summer as it is shaded by large
Maple trees and there is a good view
from the spot.

Mr. Fitts is to be congratulated upon
his addition to the beauty of the city
and for the pleasant home he is about
to occupy.

ELECTRIC RAILROAD COMPANY.

Yesterday afternoon City Engineer
Currier, aldermen Cutler and Patterson
of the street committee visited the North
part of the city and inspected the work
on the electric road. They have laid
the 1000 feet which they were given
permission to do the first of the week
and requested the street committee to
grant them permission to lay the track
to the Berlin line which they failed to
do because they claimed the company
had not graded the street according to con-
tract. It is understood that some promp-
tly conversation was indulged in by the
part of the railroad company. The
committee did not accept the grade.
The railroad company were instructed
to change the grade and the street com-
mittee will make another visit in a few
days.

Closing In On Havana.

Gomez Soon to Strike.

Merritt off for Manila--Big Strike in Bellows Falls.

Spanish Fleet Arrives at Santi- ago Without a Struggle.

Big Strike in Bellows Falls

BELLOWS FALLS, May 20.—One hun-
dred employees in the Fall Mountain
Paper Co. struck this morning because
the company demanded they should
bring their dinners to the mill and work
during the noon hour. The employees
say that since the company has joined
the international company their rights
have been continually imposed upon
and that the only remedy is to strike.

Gen. Merritt Starts.

WASHINGTON, May 20.—Mayor Gen.
Wesley Merritt who is in command
of the Philippine expedition reported to
the war department this afternoon
and later he saw the President. He
leaves tomorrow for San Francisco and
expects to have 1700 men to take with
him to Manila. If the Spanish fleet is
at Santiago nothing is known of it
here officially. The fact that the first
report of its arrival came from Madrid
is regarded as suspicious.

Brig. Gen. Assignments.

WASHINGTON, May 20.—The Presi-
has assigned the generals as follows:
Francis L. Gunther, to the Second
Corps, at Falls Church, Va. Alexander
Pennington to Camp Hempstead; A.
M. Arnold to the Cavalry Division at
Tampa; John S. Poland to First Corps
at Chickamauga; Guy V. Henry, Cav-
alry Division at Tampa; Thomas An-
derson, Department of the Pacific;
Admiral Chaffee, Fifth Corps, Tampa.

Closing in on Havana.

NEW YORK, May 20.—A despatch
to the World from Port Au Prince
says that information has reached here
that Gomez, with 15,000 men, is closing
in on Havana; 5,000 insurgents
are also menacing Santiago. The de-
spatch also adds that Spanish warships
have been sighted off Yucatan convey-
ing three transports of troops and pro-
visions for Havana.

Weds a Hero.

WASHINGTON, May 20.—Evan-
gelina Cossio Ycañeros, the young Cuban
girl who was romantically rescued
from prison by Karl Decker, is to wed
a former Cuban banker, Carlos Car-
benel, who drove the cab at the rescue
and who was appointed yesterday an
aide on Fitz Hugh Lee's staff.

Entered Santiago.

MADRID, May 20.—At 10 o'clock
this morning the Minister of Marine
received a despatch from Cervera dated
at Santiago De Cuba this morning
which read as follows: I have with-
out incident entered this port accom-
panied by my squadron. The Minis-
ter then cabled the congratulations
of the Queen Regent to Cervera.

A Vigorous Campaign.

MADRID, May 20.—Admiral Camara,
the commander of the Cadiz squadron
is here receiving instructions as to the
destination of his ships which is ex-
plained in the words, "Depends upon
the requirements of war". It is evident
that the cabinet intends to push the
campaign vigorously.

To Startle The World.

VANCOUVER, B.C., May 20.—The
British fleet in the Pacific is to be
strengthened to a considerable extent in
the next few months. Smaller cruisers
will be replaced by larger ones. It is
the general opinion that England is
about to make a move in the Pacific
that will startle the world, or else they
are preparing to meet a contemplated
move of the powers. What that move
is cannot be ascertained, but it is an as-
sured fact that some mighty enterprise
is on foot.

Will Avoid Havana.

NEW YORK, May 20.—The agent of
the Hamburg-American line announced
today that the steamer Polaris would
omit Havana from its regular trip in
order to avoid embarrassment to the
government.

Sixth M. A. M. Moves.

CAMP DEWEY, May 20.—37 cars have
been ordered for six o'clock this even-
ing to carry the sixth regiment to Falls
Church, Va. The regiment is ready.

To the Philippines.

BARCELONA, May 20.—10,000 Span-
ish troops drawn from the several prov-
inces are embarking here for the Phil-
ippines.

Favor U. S.

VANCOUVER, B. C., May 20.—Ad-
miral Viceroy brought here by steamer from Sid-
ney show both in Australia and Hawaii
an intense feeling in favor of the Unit-
ed States and against Spain. The Aus-
tralian are anxious to join the United
States army.

Rigid Censorship.

TAMPA, Fla., May 20.—All news-pa-
per correspondents have been notified that
in the future all dispatches must be
placed in the hands of Lieut. Milroy of
Gen. Shafter's staff for approval. The
censorship is to be very rigid until after
the invasion of Cuba. The intention is
to keep the Spanish government in
complete ignorance of the movements
of the army.

Youthful Train Wreckers.

BINGHAMPTON, N. Y., May 20.—Will
Brown and Willie Strathers 18 and 11
years of age were arrested yesterday
afternoon for attempting to wreck the
fastest train on the Delaware, Lacka-
wana and Western Road. They placed
fish plates and rocks on tracks but the
train miraculously remained on the rails.
The boys confessed and said they only
did it to have a little fun.

Storeing Coal.

PORTSMOUTH, N. H., May 20.—15000
tons of coal are being stored at the
navy yard for the navy. The auxil-
iary cruiser Piscataqua is ready for the
sea.

A Life Saved.

Marvelous cures of throat and lung
affections are made daily by Dr. Bull's
Cough Syrup. Miss Annie Swan,
Petersburg, Va., writes: "My brother
was attacked by a bad cough and cold,
and it was thought he had consump-
tion. Dr. Bull's Cough Syrup was
used, and to our great surprise it made
him well and hearty. There is no
better cure in the world than this
Syrup." Dr. Bull's Cough Syrup is
sold everywhere for 25 cents.

FRIDAY A COUGH CURED.

If this could be said of all cough medicines there
would be no need to study out a new formula. Many, how-
ever, bring about a certain amount of relief, but do not cure.
Our White Pine Balsam has never failed to cure. In its
manufacture no attempt is made to cheapen its cost by the use
of inferior qualities of medicine. Price 35 Cents.
